EXPERIENCE

Software Engineer

Tech Mahindra Ltd. | Aug 2024 - Present

- Contributed to the development and enhancement of RESTful microservices using Java 8 and Spring Boot, implementing new APIs and business logic for telecom subscriber and order management workflows.
- Integrated multiple third-party telecom systems (billing and provisioning) using REST APIs, reducing manual processing by 40% and improving workflow efficiency.
- Optimized MySQL queries and database indexing, improving high-traffic API response time by 30–35% and enhancing overall system performance.
- Worked in Agile/Scrum environment, consistently delivering 5+ user stories per sprint with on-time completion and cross-team collaboration.
- Developed an internal tool to track and analyze recurring AMS service errors, improving production issue visibility and reducing average incident response time by 20%.
- Awarded the **Bravo Award (June 2025)** for performance and contribution.

Cyber Security Intern

Data InsiderS | Nov 2022 - Mar 2023

- Led a team in cybersecurity and OSINT tasks; **Winner of the Internal OSINT Event.**
- Developed **VITA Stego**, a steganography tool using Core Java and Swing.
- Strengthened practical cybersecurity and Java tooling skills.

TECHNICAL SKILLS

Languages: Java, SQL (via MySQL)

Development: Spring Boot, RESTful APIs, Microservices, Maven, Git, GitHub

Cloud: Google cloud (Vertex AI Applications), AWS (EC2, S3, RDS)

PROJECTS

Excel Searcher (Tech Mahindra Ltd.)

- Developed a Java application using **JavaFX**, **Apache POI**, and **Maven**.
- Built an advanced search feature to scan all sheets and cells for exact and similar data tuples.
- Implemented a loader system to dynamically detect and manage system version files for scalability and performance.

Crypto-Tool (Final Year Project)

- Led a team of five to build a modular cryptographic desktop tool in Java.
- Implemented symmetric and asymmetric encryption algorithms within a pluggable architecture.
- Designed two custom algorithms: **Bit Manipulation Fixed Key Algorithm** and **Arithmetic No Key Algorithm**.

CERTIFICATIONS

- Completed 7 Badges in **Google Cloud Vertex AI Search Applications**, (15th Oct 2025 to 15th Dec 2025)
- Cyber Security Internship Completion** Data InsiderS, March 6, 2023

ACHIEVEMENTS

- Bravo Award (Tech Mahindra, 2025)** for performance in Starhub AMS project.
- Winner of Techno Vision Hackathon 2022.**

EDUCATION

B.E. Computer Science and Engineering

Sipna College of Engineering and Technology, Amravati

2020 - 2024 | CGPA: 8.23
